## Course Selection Guide – Spring 2015

### Strategies for Selecting Courses

*In order to plan your second- and third-year schedules wisely, you will need to consider a number of factors – including preparation for the bar exam, your interests and career goals, and the practical realities of how often certain courses appear on the schedule. The list of “strategies” below offers a number of perspectives you should consider as you formulate your course choices.*

#### The Course and Exam Schedule

Foremost, you should consult the Course and Exam Schedule issued a few months before each semester. The schedule will list the specific courses offered for that semester, their meeting times, and their exam times. Notably, a typical schedule includes several new or experimental classes not described in the School of Law catalog – these courses appear under the name Selected Legal Topics.

You will often find that two (or more) courses you want to take appear in the same time slot on the schedule. Accordingly, one of the significant challenges you will face is to choose which of these classes you want to take. Several of the strategies detailed below will help you make this choice – in particular, you should consider how often the conflicting courses typically appear on the schedule (see **Frequency**).

As you plan your schedule, you should carefully determine the exam dates for each class. While you should not avoid an important class just because it will lead to a demanding exam schedule, you should not unnecessarily disadvantage yourself with an exam schedule that gives you insufficient time to study for each course.

#### Requirements

- 1) You must successfully complete a minimum of 90 credit hours of law courses.
- 2) You must have a cumulative G.P.A. of 2.00 or better.
- 3) You may complete those 90 required credit hours in a minimum of 24 months from commencement of law study and a maximum of 84 months from commencement of law study
  - If you plan on graduating with fewer than five traditional Fall or Spring semesters, you must obtain advance permission from the Associate Dean for Academic Affairs. You should consult with the Associate Dean for Academic Affairs regarding your plan as early in law school as possible.

## Course Selection Guide – Spring 2015

4) You must have a minimum of 75 of the 90 required credit hours in courses that meet in regularly scheduled class sessions.

- Externships, co-curriculars (law journals, moot court, trial advocacy, negotiation, etc.), and individual study do not count as “regularly scheduled” classes. Certain designated clinics do not count as “regularly scheduled” classes. The Registrar will regularly list those courses that count and do not count as classes that meet in regularly scheduled class sessions.
- You may seek advance permission from the Associate Dean for Academic Affairs for an exception allowing you to have a minimum of 70 of the 90 required credit hours in courses that meet in regularly scheduled class sessions. After a brief conference, the Associate Dean for Academic Affairs will normally grant this exception.

5) You must have a minimum of 70 of the 90 required credit hours in letter-graded classes rather than Z-graded classes.

- No more than 4 Z-graded credit hours of the 90 required credit hours may come from co-curricular activities (law journals, moot court, trial advocacy, negotiation, etc.). (Exception: Enrollment in Law 610 Law Journal allows the Editor-in-Chief of the Mississippi Law Journal to count 5 Z-graded hours toward the 90 required credit hours.)
- Pursuant to the policy on Visiting and Transient Course Work, you may seek advance permission from the Associate Dean for Academic Affairs for an exception allowing you to visit at another school for more than a semester.

6) You must also successfully complete the following courses:

- 1L Required Courses (those entering 2012 or 2013):
  - Law 503 Civil Procedure I (3 credits, one semester)
  - Law 507 Constitutional Law I (3 credits, one semester)
  - Law 501 Contracts (6 credits, two semesters)
  - Law 568 Criminal Law (3 credits, one semester)
  - Law 514 & 515 Legal Research and Writing I & II (6 credits, two semesters)
  - Law 504 Property (4 credits, one semester)
  - Law 502 Torts (6 credits, two semesters)
- 1L Required Courses (those entering 2014):
  - Law 503 Civil Procedure I (3 credits, one semester)
  - Law 507 Constitutional Law I (3 credits, one semester)
  - Law 501 Contracts (4 credits, two semesters)
  - Law 568 Criminal Law (3 credits, one semester)
  - Law 514 & 515 Legal Research and Writing I & II (6 credits, two semesters)
  - Law 504 Property (4 credits, one semester)
  - Law 502 Torts (4 credits, two semesters)
  - A Three Hour Elective as Determined by Law Faculty

## Course Selection Guide – Spring 2015

- Law 603 Legal Profession
- Upper Level Writing Course  
*The Registrar will list on each semester schedule those courses designated as satisfying this requirement.*
  
- Skills Requirement
  - You must successfully complete three skills courses. Normally, a student satisfies the requirement with three courses in the required January Skill Session.
  - For each spring semester in residence, you must take a skills course in the required January Skill Session.
  - If you are unable to successfully complete three January Skill Session courses, you must obtain permission from the Associate Dean for Academic Affairs to substitute a designated skills course for each January Skill Session course you did not complete. The Registrar will list on each semester schedule those courses designated as skills courses.

Note: You will need to substitute one or more skills courses under this provision if you seek to graduate in less than three traditional years, if you transferred, if you took a leave during a Spring semester, or if you withdrew from or failed a Skill Session course.

7) You must file an Intent to Graduate Form as directed by the Registrar. If you are pursuing a certificate program, you will need to submit the associated Statement of Completion form with your Intent to Graduate form.

- If you seek to graduate in May, you must file the form in the preceding fall semester.
- If you seek to graduate in August, you must file the form in the preceding spring semester.
- If you seek to graduate in December, you must file the form in the preceding spring semester.

### Bar Exam Preparation

The bar exam emphasizes first-year courses and certain upper-level courses. In order to prepare for the bar, many students enroll in a bar review course following graduation. Although you can learn a few new topics during bar review, prudence dictates that you should take a significant number of bar courses during law school, especially those subjects heavily tested by the bar examiners.

Please refer to **Upper-Level Courses Emphasized on the Bar Exam** for guidance on which courses will help you prepare for the bar.

## Course Selection Guide – Spring 2015

### Course Selection

Many students – perhaps even the majority – do not yet have clearly defined career plans, or definite thoughts about which area of law they enjoy. Some will have broad general law practices. In addition, the areas in which many lawyers practice will change over the course of their careers. It, therefore, is important to take a range of courses that constitute the backbone of a solid legal education. The faculty strongly recommends that all students take many if not all of the following courses:

- Civil Procedure II
- Constitutional Law II
- Corporations
- Criminal Procedure I
- Evidence
- Family Law
- Income Tax of Individuals
- Secured Transactions
- Wills and Estates

You should also enroll in a steady progression of bar subjects. Next, you should consider several of the course selection strategies listed below and take courses with the expectation that you will develop a sense of which area of law suits you best. Ideally, you should also avail yourself of the special opportunities that law school offers to expand your interests by exploring unfamiliar topics and courses that will enrich your life as a lawyer even if they do not tangibly benefit your career.

## Course Selection Guide – Spring 2015

In addition to taking courses to prepare for the bar exam, you should also take courses to prepare for your career and to satisfy your interests. To the extent you know the area of practice that you would like to pursue, you should take core and supplemental courses in that field. In many substantive areas, you will find it difficult to take every core course, much less every related course, and still cover a safe number of bar subjects. You will need to make some compromises and sacrifices. Similarly, although you can use law school to follow your personal interests, you should balance that pursuit with the reality of the bar exam.

Please refer to **Areas of Interest** for guidance on different major substantive areas of practice, the core and supplemental courses in those fields, and some suggestions on which courses to take as soon as possible.

### Logistics

#### Prerequisites

Some upper-level courses have prerequisites and/or co-requisites. For example, Evidence is typically a prerequisite for the trial practice courses, and Income Taxation of Individuals is a common prerequisite for the advanced tax courses. Occasionally, instructors waive the prerequisites.

Please refer to **Course Logistics** for guidance on prerequisites.

#### Sequencing

Many upper level courses will make more sense if you have taken appropriate foundation courses first – even if those foundation courses are not prerequisites.

Please refer to the **Areas of Interest** listings for guidance on which Core courses you should take as soon as possible. In each area of interest, you will find certain courses marked with an asterisk designating that course as a foundation course.

#### Frequency

The School of Law offers some upper-level courses every semester – typically those heavily tested on the bar and those foundation courses necessary for more advanced study. Other courses, however, appear less frequently. In planning your schedule, you should recognize that certain courses may be offered only once while you are in law school – you need to take those courses when they appear.

Please refer to **Course Logistics** for guidance on the approximate frequency each course is offered.

## Course Selection Guide – Spring 2015

### Variety / Enrichment / Diversity

Law school affords you the chance to explore topics that practicing lawyers cannot find listed on the CLE calendar. A number of theoretical and interdisciplinary courses appear on the schedule each year (e.g., Law and Literature). Moreover, courses outside your anticipated area of practice will increase your understanding of and appreciation for the law and will enrich your professional life. On a more practical level, exploration of the curriculum may lead you to shift your interests in a direction more suited to your personality or intellect than the area you initially planned on studying.

Please refer to **Perspectives Courses** for a list of classes that offer a theoretical or interdisciplinary understanding of the law.

### Clinical and Externship Opportunities

To receive hands-on experience in the practice of law, you should consider the Law School's clinical and externship programs. In the **Clinics**, 2L and 3L students work in one of seven areas: child advocacy, elder law, policy/legislation, transactional, housing, tax and street law (for more information, see Desiree Hensley). In the **Criminal Appeals**, 3L students are admitted to practice before the state supreme court or court of appeals for the purpose of representing a client during the appellate process (for more information, see Phil Broadhead). In the **Mississippi Innocence Project**, 2L and 3L students investigate and litigate cases – DNA cases as well as non-DNA cases – to aid incarcerated individuals who have viable claims of innocence (for more information, see Tucker Carrington). **Externships** places 3L students with government agencies and with judges, public defenders, and prosecutors, as well as with non-profit organizations and other pro bono attorneys (for more information, see Hans Sinha).

NOTE: Many of these programs have prerequisites. Please consult **Course Logistics**.

### Certificate Programs

The Law School has approved a **Certificate in Business Law, Certificate in Criminal Law, Certificate in Remote Sensing, Air and Space Law**. These certificates require extensive concentration in that substantive area. To obtain this certificate you typically must begin the coursework during your second year in order to complete the requirements.

## **Course Selection Guide – Spring 2015**

### **Professors You Like / Professors You Have Not Yet Had**

If you do not have a defined area of interest, and you have enrolled in a reasonable number of bar subjects, it may make sense to take courses offered by professors that you enjoy or by professors with whom you have not yet had a class. The logic for taking courses with professors you like is that your enthusiasm for the teacher may lead to success in the course and interest in the topic. Be forewarned, however, that some professors adopt different styles in different courses, while others teach dramatically unrelated topics. By taking classes with new professors, you will not only explore the curriculum, but will also experience a variety of approaches to legal reasoning.

Please refer to **Course Logistics** and to **Elective Courses Typically Offered by Each Professor** for guidance on which upper level classes each instructor usually teaches.

### **Size/Style**

In the same way that diversity of subject matter will enrich your legal education, variety of course size and style will also prove beneficial. After first-year, many students take advantage of numerous courses with small enrollments – usually the non-bar exam topics. Moreover, the second- and third-year electives provide many opportunities for enrollment in classes that deviate from the standard case method and the single-final-exam approach. An ideal schedule would include a mix of large and small classes, and a combination of exam classes, practice/skills classes, and paper-writing courses.

### **Consultation With Advisors / Employers / Professors**

You should discuss course selection with professors whose opinions you value, potential or future employers, and other mentors. In other words, ask for guidance.

### Upper-Level Courses Emphasized on the Bar Exam

In many states, the bar exam consists of four components typically tested over three days: (1) the State Essay Exam, (2) the Multi-State Essay Exam, (3) the Multi-State Bar Exam, and (4) the Multi-State Performance Exam. Additionally, you must pass the Multi-State Professional Responsibility Exam, although you may take this component in advance of the bar exam.

– The State Essay Exam typically covers several substantive areas beyond the first year curriculum. Listed below are the areas tested for several states. PLEASE CONDUCT YOUR OWN RESEARCH TO CONFIRM THAT THE SPECIFIC TOPICS TESTED BY EACH STATE.

Mississippi: Administrative Law, Agency, Bankruptcy, Commercial Paper, Conflict of Laws, Constitutional Law I & II, Contracts/Sales, Corporations, Criminal Law & Procedure I, Domestic Relations, Evidence, Federal Civil Procedure, Federal Income Tax, Federal Jurisdiction & Rules of Civil Procedure, Mississippi Constitutional Law, Partnerships, Practice & Procedure of Mississippi Courts, Professional Conduct & Ethics, Real Property, Secured Transactions, Torts, UCC, Wills, Estates, Trusts & Future Interests, and Worker's Compensation.

Alabama: Alabama Civil Litigation (Civil Procedure & Remedies), Agency, Conflict of Laws, Equity, Family Law, Partnerships, UCC, Trusts & Estates, and Wills

Arkansas: Agency, Commercial Paper, Conflict of Laws, Constitutional Law I & II, Contracts/Sales, Corporations, Criminal Law & Procedure I, Domestic Relations, Equity, Evidence, Federal Civil Procedure, Partnerships, Secured Transactions, Wills, and Estates & Trusts

Tennessee: Agency, Civil Procedure (State & Federal), Commercial Paper & Bulk Transfers, Conflict of Laws, Constitutional Law I & II, Contracts/Sales, Corporations, Criminal Law & Procedure I, Corporations, Domestic Relations or Personal Status, Evidence, Partnerships, Personal Property, Professional Responsibility, Restitution & Remedies, Secured Transactions, State Constitutional Law, and Wills & Estates.

– The Multi-State Essay Exam covers the following topics – with the topics and number of questions selected by the state: Business Associations (Agency and Partnership; Corporations and Limited Liability Companies), Conflict of Laws, Constitutional Law I & II, Contracts/Sales, Criminal Law and Procedure I, Evidence, Family Law, Federal Civil Procedure, Real Property, Torts, Trusts and Estates (Decedents' Estates; Trusts and Future Interests), and Uniform Commercial Code (Commercial Paper (Negotiable

Instruments); Secured Transactions).

– The Multi-State Bar Exam is a six-hour, two-hundred question multiple-choice examination covering Contracts/Sales, Torts, Constitutional Law I and II, Criminal Law and Procedure I, Evidence, Real Property, and Civil Procedure.

– The Multi-State Performance Test consists of a case file and some legal authorities. You must assess the facts, analyze the relevant authorities (potential cases, statutes, and administrative materials), and complete a writing project that applies the law to the facts in a manner that resolves the client's problem. The test often contains ethical issues as well other areas of substantive law.

As you can see, some subjects appear on several components of the bar exam. Upper-level electives tested on multiple components in many states include:

Civil Procedure II  
Conflict of Laws  
Constitutional Law II  
Corporations  
Criminal Procedure I  
Evidence  
Family Law  
UCC (Secured Transactions & Commercial Paper)  
Wills and Estates

### Areas of Interest

*In the course of your law school career, you should consider taking courses that will prepare you for a particular practice area or area of personal interest to you. This section of the Guide provides a list – by no means exhaustive – of such areas of interest and separates related courses into core and supplemental categories.*

*You may wish to sample core courses in a variety of areas or, if you already know what practice area you expect to pursue or have a strong personal interest in, you may wish to take most or all of the core courses and a significant number of supplemental courses in that area. Unfortunately, in most cases you will not have time to take more than a small number of supplemental courses under a particular area of interest. You should also consider other strategies for selecting courses, especially with respect to courses that will best prepare you for the bar exam.*

*The list of areas of interest is provided immediately below, with the core and supplemental courses for each area beginning on the following page. In some cases, an asterisk appears next to a core course. This means that the course is one that generally should be taken before at least one other course in the list (e.g., Income Tax I before Income Tax II).*

*The asterisk is intended to help you determine the order in which you take courses, but not to suggest that the asterisked course is necessarily more important than other core courses in a particular area.*
