

Reciprocity Policy

The Career Services Office (CSO) of The University of Mississippi School of Law provides to students and graduates of ABA accredited law schools reasonable access to CSO facilities and career resources. Such services and facilities are available to law schools who reciprocate on behalf of students and graduates of The University of Mississippi School of Law.

Requests for reciprocal services must be made in writing by a career services official and sent to Cassandra Latimer at clatimer@olemiss.edu. A copy of the reciprocity policy of the requesting school should be included, as well as an address or email address for the student or graduate seeking reciprocity privileges.

Reciprocity includes access to current position vacancy announcements posted on The OleMissLaw CSO system and e-mail career advising.

Reciprocity does not include:

- On-campus interview appointments
- Individual career counseling, off-campus job conferences, or resume referral services.

Reciprocity is not available from August 15 to December 1.

Applicants granted reciprocity must state in cover letters to employers that the job listings were provided by The University of Mississippi School of Law through a reciprocal agreement with their school.
